RAILROADS DECIDE TO ARBITRATE ALL DEMANDS

Managers Appeal to Federal Board and the Employes Consent RAILROADS FORMALLY REJECT EIGHT HOUR DAY RESOLUTION

(By Associated Press.)

NEW YORK, August 9.—The National Conference of Railway Managers rejected the demands of the four railroad brotherhoods for eight hour day and time and half for overtime and proposed submission of differences to the United States Board of Mediation and Conciliation. This was rejected on behalf of the brotherhoods.

The managers then announced they would nevertheless appeal to the federal board, which was in session in a nearby hotel. The unions had expressed their willingness to have the railroads make appeal, in which event, it is stated, the unions could reply by

stating their attitude. It is indicated their reply would probably be favorable.

Lated it was announced the railroads had formally appealed to the board to mediate their differences with the men. The board immediately prepared a communication to the brotherhoods offering their services.

It is stated the board remains in session awaiting the brotherhoods' reply. It is indicated that a communication was sent on the assumption that the brotherhoods would accept the offer. It was explained that the unions had not declined mediation, but refused to join the railroads in asking it because they did not believe in it now.

FLEET OF ZEPPELINS RAID BRITISH ISLES

(By Associated Press.)

LONDON, August 9.—A German Zeppelin fleet, comprising from seven to ten ships, raided the east coast of England and the south-east coast of Scotland this morning. About 160 bombs were dropped, causing 23 casualties. Only one airship was reported visiting Scotland. None penetrated far inland. At several places the Zeppelins were driven off from their objective with anti-aircraft guns.

GERMANS FRUSTRATED ON THE SOMME FRONT

(By Associated Press.)

PARIS, August 9.—The Germans made violent attacks on the positions the French took north of Hem wood on the Somme front recently. All were frustrated. The fighting continued. Heavy fighting for possession of the Thiaumont work continues. The Germans are gaining a further footing, but the French held the outskirts of the work. French progresses are reported from the village of Fleury.

AUSTRIANS IN FULL FLIGHT

CAPTURE OF BRIDGEHEAD AT
GORITZA WITH 10,000
PRISONERS

(By Associated Press.)

PARIS, August 9.—A Havas dispatch says the Italians are in possession of all the defenses of Gorizia, ending three days of violent fighting wherein the cavalry was finally brought up to reinforce the infantry. The success of the Italians has created an intense impression throughout the country. The offensive against Gorizia had been planned for last spring, but was delayed by the Austrian offensive in the Trevino-Rention region.

The taking of Gorizia is regarded in Rome as merely a preliminary movement of extensive offensives against the Austrian eastern wing. The Italian infantry has advanced so rapidly that Austrians continued to shell their positions occupied some time previously.

(By Associated Press.)

LONDON, August 9.—A Rome wireless dispatch reports the Austrians pursued by Italian cavalry have abandoned all the principal positions on the Isonzo and Carze fronts, following the taking of the Gorizia bridgehead by the Italians.

(By Associated Press.)

ROME, August 9.—Officials confirm the dispatches to the effect that Gorizia is entirely in the hands of the Italians, who captured 10,000 Austrians.

(By Associated Press.)

ROME, August 9.—The Italians entered the Austrian city of Gorizia this morning, says an official message. Occupation of the heights west of Gorizia has been completed. Cavalry are pursuing Austrians beyond the river.

(By Associated Press.)

PETROGRAD, August 9.—The Armenian towns of Bitlis and Mush have been surrendered by the Russians owing to the pressure of Turks. Obsolete fighting continues in the entire region.

TWO OF THE MEN FOR BORDER BOARD NAMED

(By Associated Press.)

WASHINGTON, August 9.—Secretary Lane and Justice Brandeis have been selected for two of the three American members of the joint international commission to undertake settlement of the Mexican border difficulties. The name of the third will be published later.

Secretary Polk announced formally today that the United States and Mexican governments had reached an agreement for the discussion of differences by a joint commission.

The delay in announcing the name

of the third man was due to awaiting his acceptance to serve. The Mexican members have already been designated. The time and place of meeting remain to be arranged.

Minister Arredondo today gave further assurances that he would have the scope of the conferences widened as broad as the United States desires, since the de facto government is willing. Carranza prefers that the withdrawal of American troops as a step to prevent border troubles be taken up first, but Arredondo said his government would not object to having other questions considered.

DURANGO ROUTE AND ARE

(By Associated Press.)

TWELVE KILLED BY LIGHTNING EXPLOSION

(By Associated Press.)

MICHEL, B. C., August 9.—Twelve men, so far as known, were killed by an explosion in the new No. 3 mine supposed to have been caused by lightning striking exposed signal wires whereby the current was conducted into the mine.

The force of the explosion broke every window within a radius of a quarter mile. A severe electrical storm which raged this morning reached its height when the explosion of the mine occurred. Lightning is believed to have ignited explosive gases in the mine.

PLATT TAKES 12 COUNTIES

(Special to the Bonanza.)

RENO, August 9.—Returns from over the state at 3 o'clock this afternoon indicate that Platt carried 12 counties, Norcross carried White Pine and Elko, Howe carried Esmeralda and Churchill and gets one delegate in Clark. McCarran will have two delegates in the state convention, one from Esmeralda and one from Eureka. Platt may get a portion of the White Pine delegation, as the vote is very close and incomplete.

COMPLETE VOTE FOR DEMOCRATS

The Democratic contest did not develop any special interest except in precinct No. 1, represented by the voting place at McFarquelin's store, on lower Main street, where the vote was split equally between McCarran and Pittman, each securing four delegates. The most popular candidate for delegate was Walter J. Drysdale, on the Pittman ticket, who secured 380 votes, with Judge Forman, registering 369 votes, a close second. Following results by precincts show the total vote cast for each candidate in Tonopah township.

Judge Forman received a wire this morning from William Woodburn to the effect that Pittman had carried every county in the state with the exception of Mineral and Eureka.

The county delegates went through without a murmur except in the case of the third precinct, where Joe Piercy ran as an independent and failed of election with 103 votes. The next highest was Joe Gori with 130.

Offer of mediation was accepted on condition that their "good offices are promptly exercised."

PLATT AND PITTMAN SWEEP THE STATE

(Special to the Bonanza.)

RENO, August 9.—The results of the primary indicate sweeping victories for Platt and Pittman. In Reno they secured solid delegations, while Ormsby, Storey and Douglas counties performed likewise. Norcross will secure representation in the Elko delegation. Lincoln and Nye counties are solid for Platt and Pittman. Humboldt still is in doubt and will be divided among both parties.

A light vote was cast throughout the state. About forty-five per cent of the Reno registered voters visited the polls. No interest was manifested locally and apparently no efforts were made to induce voters to go to the polls.

Howe secured the Churchill delegation, as does Pittman. Platt and Pittman carry Lyon.

ELECTION RETURNS COMPLETE FOR THE TOWNSHIP OF TONOPAH

It was not until 3:30 o'clock this morning that precinct No. 3, at the Tonopah High school, completed counting the ballots and the tired officers of election betook themselves homeward. The first precinct heard from was No. 2, where the work was in charge of Eddie Addison and a corps of trained accountants, who had the most perfect arrangements of any in the township. Most of the men were experienced, but the fact that Mr. Addison was familiar with every detail of the counting was really responsible for the celerity shown at that polling place. In No. 1 the only serious division in the vote came with a split in the Democratic senatorial delegations, the vote showing an equal break with four delegates each for McCarran and Pittman. At No. 4 the officers were drawn chiefly from the ranks of the new voters and there was some delay in getting started on the right path, but the ladies stuck valiantly to their jobs and succeeded in counting the last ballot shortly after midnight.

The voting was light, over thirty per cent of the registered voters not asking for representation. Out of a total registration of 1621, 1124 votes were cast, showing 497 not voting. In 1914, 1463 registered and there were 1300 votes cast. The summary of the day's voting follows:

Precinct	Rep.	Dem.	So.	Total
1	89	91	20	200
2	91	126	15	232
3	187	200	15	402
4	114	158	18	290
Totals	481	575	68	1124
Registered	595	782	170	1547
Not voting	114	207	102	423

The new system of conducting primary elections is one of the most clumsy that human ingenuity ever devised, with an endless amount of red tape that had to be unfurled before the tired officers could close their polling places.

No provision was made for receiving the ballot boxes at the courthouse and at a late hour last night several judges and clerks of election were wandering around town with the huge galvanized boxes in tow looking for some responsible officer to receive them. The first outside precinct to be heard from was Belmont, which arrived this morning shortly after 8 o'clock. No informal ballot accompanied the box and therefore nothing could be learned of the result. The county commissioners will begin canvassing the returns on Friday if the boxes are all in and, if not, they will take up the count on Monday or Tuesday.
